LEADERS FOR MENTAL HEALTH BREAKFAST
SPONSORSHIP OPPORTUNITIES
THE ROYAL

The Royal is one of Canada’s foremost mental health care, teaching and research hospitals. Our mandate is simple: to help more people living with mental illness and addiction into recovery faster. We combine our specialized mental health care, advocacy, research, and education to transform the lives of people living with complex and treatment-resistant mental illness.

Our Institute of Mental Health Research, affiliated with the University of Ottawa, brings together leading mental health professionals, scientists, and technology to gain a deeper understanding of the brain, and investigate innovative approaches to preventing and treating mental illness.

The Royal Ottawa Foundation for Mental Health raises funds to support the best possible patient care and leading-edge research provided by the Royal Ottawa Mental Health Centre, the Brockville Mental Health Centre, and the uOttawa Institute of Mental Health Research.

As a not-for-profit arms-length fundraising organization governed by a dedicated and skilled volunteer Board of Directors, we:

- Focus on improving the health and lives of those living with mental illness.
- Communicate with our donors openly, honestly and transparently.
- Demonstrate integrity in our financial management and disbursement of donor funds.
At The Royal, we are dedicated to transforming our understanding of mental illness, and using evidence-based discoveries to inform care, improve outcomes, reduce stigma, and drive system and social change.

Mental illness — specifically major depression — is the single greatest cause of workplace disability in our society today. Apart from the financial burden, the human cost is enormous. Normal healthy lives are devastated. Families are torn apart. Lives are lost.

The mental health and wellbeing of our community continues to be impacted by the pandemic and we must address these emerging needs now, more than ever.

As one of the largest providers of mental health care in Canada, The Royal is here to transform the lives of those suffering from mental illness with innovative and effective treatments, and to identify new methodologies for prevention and early detection.
For the 15 consecutive year, during Mental Illness Awareness Week, the Royal Ottawa Foundation will host our flagship fundraising Breakfast designed to highlight world-class mental health programming and care alongside transformative research at The Royal.

On this special morning, over 1,000 people from across the region will gather in-person at the EY Centre to raise money to support The Royal’s efforts to advance access to mental health care through new and novel treatments and discoveries. You will hear and learn from doctors, scientists, patients and families about the life-changing differences The Royal is making for those in our community and beyond who are struggling with mental illness.

Date: Tuesday, October 4, 2022
Location: EY Centre (4899 Uplands Dr., Ottawa, ON K1V 2N6)
Audience: Approx. 900 influential guests across all business sectors
Schedule: 7:30 a.m. Registration opens, pre-event networking
8 a.m. In-person program hosted by Ian Mendes, journalist
   Family style breakfast
9 a.m. Post-event networking
YOU + THE ROYAL

One in four Canadians are experiencing a mental illness or substance use disorder issue right now. You know someone; we all do.

On October 4, hundreds of community and business leaders will unite to raise awareness and funds for The Royal at our 15 Annual Leaders for Mental Health Breakfast. As a former supporter of our Inspiration Awards Gala we invite you to engage with us and our loyal and influential patrons as a Leader in Hope at this memorable and impactful fundraiser.

A partnership with The Royal will position you as a corporate and community leader in the mental health and wellness space in Ottawa and demonstrate to your clients and employees your commitment to improving access to quality mental health care in our region for anyone who may need it.

Your support will help us:
• Improve access to urgent and critical care, right here, right now.
• Offer hope and possibility through innovative treatments, better diagnostics, and more personalized care.
• Grow the next generation of mental health leaders.
• Provide comfort, a dignifying experience and opportunities for meaningful recovery.
OPPORTUNITIES
